BOX

Exclusive Guided Tours June 14–17

Experience a new way of thinking about local food production, biodiversity and circular ecosystems.

Step inside the innovative BlueGreens BOX right outside the Congress Center and discover how plants, water, micro-organisms and sustainable technologies interact in a living ecosystem right in the heart of Davos.

What You Will Discover

- Circular food production systems
- Local ecosystems inside the BlueGreens BOX
- Sustainable cultivation of microgreens and plants
- Biodiversity-driven innovation
- The future of urban and regional food production

Daily:

12:00 – 13:00

17:00 – 18:00

4 guided tours per day
30 minutes each
